DISINTERMENT PROCEDURES / PROTOCOLS: According to the rituals and common practice of the Roman Catholic Church, burial, entombment or inurnment is considered a final act that allows the body of the deceased to "rest in peace" while awaiting resurrection. Disinterment/Disentombment/Disinurnment or "removal" of the dead from their grave, crypt or niche should only be done for the most serious of reasons. A full treatment of the restrictions and required protocols is contained within the Rules and Regulations for Catholic Cemeteries of Long Island.

Catholic Cemeteries of Long Island requires that all disinterments/disentombments/disinurnments (removals) from cemeteries owned or operated by said corporation be authorized by **Court Order**. The Cemetery Management shall have the right to request those wishing to arrange for a removal to contact the Cemetery Office in ample time so the Cemetery may complete arrangements. **No removals are performed from July 1st through September 30th of each year.**
